

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

November 6, 2020

Dear King Members, Friends, and Family:

According to the Wisconsin Department of Health Services, all of Wisconsin's 72 counties are now experiencing "very high" activity levels for COVID-19 spread. Please do what you can to protect yourself and your loved ones from this terrible virus.

Since yesterday, we've had one member recover. Sadly, we also have had a member death from coronavirus. Two more employees have also tested positive for COVID-19 and three have recovered. It is always difficult sharing the news of a death on our campus. I know how much these members mean to all of us who work here. Our condolences to the family.

Please, help us spread the word about how important it is for all of us to do our part in protecting our staff and members from this virus. It is so important to continue to stay home as much as possible, wear a mask when out and maintain at least six feet from others, and wash our hands frequently. These are the only known ways we can do our part to prevent its spread. Thank you for your adherence to this guidance.

Sincerely,

Tammy Servatius, Commandant
